## LESSON 5.1 - Creating a Google Form for Assessment ?

[Preview](#) [Edit](#) [Reports](#) [Grade Essays](#)

### Creating an Assessment with Google Forms

To create an assessment tool in Google Forms, you need to be signed in to your Google account.

Go to the Google home page at <http://www.google.com>, and click on SIGN IN in the upper-left corner of the page. Once you are signed in, you will be returned to the Google home page, but this time, you will see the email address you used to create your Google account at the top, as illustrated below.

The screenshot shows a web browser window with the Google homepage. The user is signed in, and the email address **klsantillo@gmail.com** is visible in the top right corner, circled in red. Below the Google logo, there are search buttons: "Google Search" and "I'm Feeling Lucky". There are also links for "Advanced Search" and "Language Tools". At the bottom of the page, there is a link to "Make Google my homepage".
