TO START A NEW FORM:

Go to the top-left menu area of the Google Docs home page and click on the **CREATE** button. Select **FORM** from the drop-down menu. The first time you log in to your Google Docs account, there will be nothing listed in the **ALL ITEMS** section of the home page. Once you begin creating forms or docs, a link to each saved document will appear in the **ALL ITEMS** area. This is where the partner spreadsheets to any Google Forms you create will appear as well.
